

WATER CONNECTIONS

SESSION 1: JUNE 18-21

SESSION 2: JULY 23-26

3rd – 5th Grade Youth Field Camp

Delta County is the place to build a foundation for outdoor skills and learning in the #bestbackyardintheworld - join TNC for a four-day excursion, where students will interact with the many ecosystems that surround them, and connect with these wonderful spaces through hands-on activities. The Nature Connection staff is ready for their first ever youth camp provided this summer season – for those entering 3rd-5th grade in 2018-2019. With our newly intact gear library, students will participate in activities that utilize this equipment, such as stand up paddle boarding and fishing as a path to lifelong adventures in the outdoors.
